

South Puget Sound
COMMUNITY COLLEGE

SOUTH PUGET SOUND COMMUNITY COLLEGE

Manifesto

Our **community** is made up of doers, dreamers, and people who get up early every day to...

create something from nothing,
build a business,
reach for their best self, and
offer a hand.

Our college lives in a community of people **making the world a better place**, and each day, in thousands of ways, we **AMPLIFY** their efforts.

Through inspiration and innovation, our region has set a rhythm for success.

At **SPSCC**, that beat is always building...

Bigger...

Better...

Prouder...

Louder.

Our college is **Success Amplified**.

Amplified **education** ... turning the classroom into the real-world change we need.

Amplified **advancement** ... turning *visions* into *vocations*.

Amplified **innovation** ... keeping *businesses* on the *cutting edge*.

Amplified **communities** ... affording *opportunities* and fueling *families*.

To **attend SPSCC** is to set a tone for success, made louder by experience and opportunity.

To **work at SPSCC** is to be both mouthpiece and megaphone — a confident voice of wisdom and support.

To **support SPSCC** is to wholeheartedly embrace the spirit of persistence and progress that echoes throughout our communities.

The boldest voices in our community aren't always the voices that speak the loudest...

They **are the voices of bold people** and are amplified through action.

**SUCCESS —
AMPLIFIED**
