

Active SPSCC Student Clubs

****Note:** These clubs were active as of Spring quarter 2024. Clubs have until the 5th week of the quarter to re-charter, so these may change for the fall! Don't see a club you are interested in? If you have five other people that share your passion/interest/POV you can start your own club! Learn more from the Student Life Office: Bldg. 27 | studentlife@spscc.edu | 360-596-5215

Active Minds

Advisor: Ross Artwohl

The purpose of Active Minds is to raise awareness about mental health and erase stigma through campus events.

ARS Nova

Advisor: John Guarente

The purpose of ASR Nova is to create a safe community space for people who play or appreciate music of any kind to come together and share ideas, enhance musicianship through local musical companies, and explore different ideas and concepts in music inside and outside the classroom.

Chinese Club

Advisor: Ting Song

The purpose of this club is to promote Chinese culture, introduce students to Chinese history and customs, and provide a platform for interested students to practice and improve their Chinese language skills. We aim to promote cultural exchanges between members of different backgrounds, create opportunities for intercultural learning and appreciation, and organize activities to help students experience and learn skills such as calligraphy.

Climate Justice & Solutions

Advisor: Stephanie Malmgren

The purpose of this club is to come together to learn about historical and current climate injustices, so we can gain skills and knowledge to better engage in climate justice and equity work. We seek to identify possible beneficial solutions that can be deployed to improve our global climate crisis at a local scale. We will enhance our members' worldviews with different perspectives using stories to address the difficult conversations around global climate change. We will work to engage in community service projects locally, and possibly abroad, to help communities adapt to, and mitigate the effects of, global climate change -- and encourage others to participate in the cause.

Creative Writing Club

Advisor: Kim Mccallister

The purpose of Creative Writing Club is to create a safe, inclusive space for student writers to write together and share their creative work, to plan on-campus creative-writing related events, such as readings from local authors and open mic nights, to collaborate with staff and faculty on creative writing workshops and other activities.

Film Society

Advisor: Michael Gray

The purpose of the Film Society is to encourage and promote interest in film production and to establish a shared community for students and artists to gather, watch, discuss, and create movies and films.

Gaming Club

Advisor: Jesse Pestana

The purpose of the Gaming Club is to foster connections among SPSCC gamers that will lead to shared experiences and a gaming community.

Mad Hatters

Advisor: Andy Leiren

The purpose of the Mad Hatters is to further understand computer science-related fields, increase knowledge, attend cybersecurity conferences, and provide community outreach.

Rainbow Spectrum Alliance

Advisor: Masa Kawamura

The purpose of Rainbow Spectrum is to provide a safe and inclusive space to meet, communicate, and educate for queer members of the community and allies while having fun.

Tomodachi Circle

Advisor: Aki Suzuki

The purpose of Tomodachi Circle is to provide opportunities to experience Japanese culture while playing games and enjoying crafts with everyone who is interested in Japanese culture.

Veteran Club

Advisor: Fred Creek

The purpose of the Veteran Club is to foster connections among SPSCC veterans, service members, and their families that will lead to shared experiences and camaraderie.

Clipper eSports

Are you interested in the world of collegiate eSports? Clippers eSports is currently recruiting student-athletes! We play competitively in League of Legends, Valorant and Super Smash Bros.

Clipper eSports is a member of [NJCAA Esports \(NJCAAE\)](#). NJCAAE is the national governing body for two-year college esports in the United States and is proud to provide two-year college esports teams with governance, competition, and official national championships.
