ANNUAL SECURITY REPORT 2018

Campus Security Department
2011 Mottman Road SW
Olympia, WA 98512
Building 25 Room 104

College Origins

In September 1962, the Olympia School District founded the current college as Olympia Vocational Technical Institute (OVTI) in the Montgomery Ward Building in downtown Olympia. OVTI was the formalization of the adult education offerings the school district began offering in 1957 out of Olympia High School.

In 1967, with the passage of the Community College Act, OVTI joined the state community college system, merging into District 12 with the long-established Centralia College. The district purchased the land that is now the present day Olympia campus on Mottman Road in 1971.

The first permanent building, the College Center, was completed in spring 1976. That same year, OVTI became Olympia Technical Community College (OTCC) and had the unique distinction of being the only community college in the state devoted entirely to technical education.

In 1980, the Board of Trustees called for the addition of an academic transfer program. In 1982, the college awarded its first Associate of Arts degree. That same year, the college added 31 more acres of land to the campus.

In 1984, in recognition of its growth and the broadening of its mission, the college name was changed one last time, to South Puget Sound Community College.

In 1988, under House Bill 1361, SPSCC formed its own autonomous district. The new district, number 24, encompassed all of Thurston County, except the Rochester and Tenino school districts and the Thurston County portion of the Centralia School District.

In the fall 1995, the college opened a satellite center in Hawks Prairie Village Mall in Lacey as the Hawks Prairie Center. Today, more than 7,000 students each quarter seek education at South Puget Sound Community College.

Campus Setting

Nestled on 101 acres of lush woods, our tranquil campus is one of the most beautiful in the nation. We welcome all students from the Thurston County area and from around the world to visit our campus and join our learning community.

Introduction

South Puget Sound Community College's Annual Security Report (ASR) is to assure compliance with the United States Department of Education and "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998" (Clery Act). The report provides information on the college's crime prevention and safety policies, procedures, and guidelines. The report is prepared by the college Security Department and reviewed by the Vice Presidents of Administration, Instruction, and Student Services. The chief Human Resource Officer also reviews the report before submittal to the Department of Education. An online version is available on the Campus Security website. Printed copies are available in the Campus Security Department at the Mottman Campus. This report is reviewed annually and updated statistics are provided prior to October 1st of each year. The college does not have any residence halls or on campus housing. The statistics include offenses reported to the campus security authorities or to the local law enforcement agencies that occurred on campus, in or on non-campus buildings or property including streets, sidewalks, and parking lots within the campus or immediately adjacent to and accessible from the campus. Security personnel at SPSCC are not sworn police officers and do not possess arrest powers. Officers are expected to enact their duties in accordance with local, state and federal laws. Our security team continues to work closely with local, state, & federal agencies regarding security concerns. Please remain aware of your surroundings and report any concerns to our office or the local authorities.

REPORTING PROCEDURES

General Procedures for Reporting a Crime or Emergency

Community members (students, faculty, staff, and guests) are encouraged to report all crimes and safety-related incidents to Campus Security in a timely manner.

To report a crime or an emergency on the campus, call 911 first and then call Campus Security at extension 5299 or, from outside the College phone system, (360) 596-5299. To report a non-emergency security or safety-related matter, call Campus Security at extension 5299 or, from outside the College phone system, (360) 596-5299. Crimes may also be reported to campus authorities listed below.

SPSCC Campus Security Authorities

- College Administrators
- Program Directors and Deans
- Faculty
- Athletic Director and coaches

This publication provides information about on and off-campus resources and is made available to all SPSCC community members. Some listed resources are not designated crime reporting entities and actual crimes should be reported to the SPSCC Campus Security Department. This aids in providing timely warning notices to the community and ensures inclusion in the annual crime statistics. For example, a crime that was reported only to the Thurston County Crisis Clinic would not be included in the SPSCC crime statistics. SPSCC Campus Security sends a request each year to local law enforcement authorities asking them to provide crime logs for our geographic area for inclusion in the annual disclosure of crime statistics, when they deem it appropriate.

Notification to the SPSCC Community about Reported Crimes

These procedures outline how our institution will use emergency notification procedures to notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees. Upon notification of a serious incident that poses an on-going threat to members of the college community, SPSCC will determine and employ communication methods appropriate to the situation to notify the affected campus community. A timely warning is issued upon confirmation of pertinent information. An alert is sent to all on current registered users via Omnilert and may include information about the type of incident, location, and instructions on

possible actions to consider. In conjunction with the college public relations officer and executive team, the on duty Supervisor from Safety and Security or a designee generates the alerts. Situation dependent alert notifications may also be sent out using the AlertUS system and ShoreTel phone system. Updates to the college community about any incident resulting in a timely warning may be distributed via email or may be posted on the College's website. The college will without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing the notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Crime Alerts are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by Campus Administrators. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other SPSCC community members and a Crime Alert would not be distributed. Campus Administrators will review reports to determine if there is an on-going threat to the community and determine if the threat requires distribution of a Crime Alert. Crime Alerts may also be posted for other crime classifications, as deemed necessary.

A daily crime log is available for review at the SPSCC Campus Security Office at Building 25, Room 117, from 7:30 a.m.–4:30 p.m. Monday through Friday, excluding holidays. The information in the crime log typically includes the case number, classification, date reported, date occurred, time occurred, general location, and disposition of each crime. The institution will upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense (statutory rape or incest), the report results of any disciplinary proceeding conducted by SPSCC against a student who is the alleged perpetrator of such crime or offense.

Statistical Disclosure of Reported Incidents

Incidents reported to SPSCC Campus Security that fall into one of the required reporting classifications will be disclosed as a statistic in this annual brochure.

Reporting Methods Available on Campus

For any emergency requiring police, fire, or medical aid dial 911. As soon as possible please call Campus Security at extension 5299 on any campus phone, or 360-596-5299 from an outside line. Campus Security should be contacted for all incidents occurring on campus. Campus Security officers may receive your calls directly via cell phone while on patrol. They will meet you anywhere on campus. The Campus Security office is located in the lower level of building 25, room 117.

Reporting a Crime to the Lacey, Olympia, or Tumwater Police Department

Any community member reporting a crime to Campus Security has the right to report the crime to the Police Department. Security Officers provide this option and will assist the victim with that process. The number to central dispatch for all jurisdictions is 360-704-2740.

Off-Campus Crimes

If the responding Police agency is contacted about criminal activity occurring off-campus involving students, they may notify SPSCC Campus Security. However, there is no official policy requiring such notification.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the college system or the criminal justice system, you may still consider making a confidential report. Personally identifying information contained in confidential reports are exempt from public record requests. With your permission, a Campus Security Officer can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. This helps the College determine where there is a pattern of crime with regard to a particular location, method, or assailant and can alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Access to Campus Facilities at South Puget Sound Community College

South Puget Sound Community College is a public institution and open to the public. Part of both campus locations are surrounded by a fence. Campus Security is responsible for access control which includes key and key access cards. Personnel who use buildings after regular hours are asked to notify Security when they are on campus and maintain responsibility for ensuring office lights are turned off and that office

doors and outside doors are secured. To facilitate the security of buildings and property, keys to offices and buildings may be obtained upon request from the Dean, Director or respective Vice President. The Mottman Road and Crosby entrances are accessible 24 hours a day. Instructional and administrative buildings on campus are generally open for use from 7:00 a.m. to 11:00 p.m. Monday through Friday. On weekends only the buildings scheduled for use will open and all other buildings remain secure.

Maintenance of Campus Facilities

Facilities and landscaping are maintained in a manner that works to minimize hazardous conditions. Campus Security regularly patrols both campus locations and reports malfunctioning lights and other areas of concern. Other members of the College community assist when they report equipment problems or malfunctions to Facilities through the Megamations work request system.

CRIME STATISTICS

The information below provides context for crime statistics reported as part of compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the College community obtained from the following sources: SPSCC Campus Security, the City of Lacey Police Department, the Olympia Police Department, the Tumwater Police Department, and the Thurston County Sheriff's Office. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. Any incidents reported by Campus Security Authorities (as defined by federal law) will also be included in the Annual Security Report. All of the statistics are gathered, compiled, and reported to the College community via the Annual Security Report. SPSCC Campus Security submits the annual crime statistics published in this brochure to the Department of Education. The statistical information gathered by the Department of Education is available to the public through their website.

Specific Information about Classifying Crime Statistics

The statistics in this brochure are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the relevant federal law (the Clery Act/HEOA). The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-

Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.

In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person arrested is indicated in the arrest statistics. The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Law, and Illegal Weapons violations indicates the number of people the Vice-President of Student Services representative referred for disciplinary action for violations of those specific laws. A “found responsible” designation includes referrals that result in a student charged by the college where a record of the action is kept on file.

In addition to the crime statistics that are traditionally tracked and reported, the Department of Education requests that additional statistics included in this Annual Security Report correspond to the Violence Against Women Reauthorization Act of 2013. Reported events in the categories of domestic violence, sexual assault, and stalking are included this year, and will be reported annually.

The statistics in the Hate Crime charts are separated by category of prejudice. The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this include the addition of Simple Assault, Intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories. If a hate crime occurs where there is an incident involving Intimidation, Vandalism, Larceny, Simple Assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

Note: A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim’s race, sexual orientation, etc., the assault is then also classified as a hate crime.

Statistics Reported by SPSCC

The column “On-Campus (ONC)” includes crime statistics from incidents that were reported to Campus Security. If an incident was reported to both Campus Security and the Police, the statistics would be counted under the “On-Campus (ONC)” column. The crime statistics provided by the Lacey, Olympia and Tumwater Police are provided based on the crime definitions in the Revised Codes of Washington. Crime statistics for the categories of Minor Assault, Larceny and Vandalism are not required by law, but are still provided in the interest of informing the community about the most frequent crimes that occur at SPSCC. Campus Security requests yearly statistics from local Police departments and compiles any reports from Campus Security Authorities.

Statistics under the heading of “Referred for Disciplinary Action” include those individuals referred for student conduct action through the Office of Student Services. The numbers include incidents reported via Campus Security incident reports and those reports provided directly to the Vice president of Student Services from other members of the SPSCC community.

Sex Offender Registry

The federal Campus Sex Crimes Prevention Act was enacted on October 28, 2000. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

In the State of Washington (Revised Code of Washington (RCW) 9A.44.130) any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 (RCW) of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state Department of Corrections, the state Department of Social and Health Services, a local division of youth services, or a local jail or juvenile detention facility

as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the Sheriff of the county of the person's residence of the person's intent to attend the institution. The sheriff shall notify the institution's department of Campus Security and shall provide that department with the person's: name; address; date and place of birth; place of employment; crime for which convicted; date and place of conviction; aliases used; social security number; photograph; and fingerprints.

In the State of Washington, RCW 9A.44.138 requires that information about registered sex offender students (Level II), shall be provided to every teacher of the student and to any other personnel who supervises the student or for security purposes should be aware of the student's record. SPSCC's guidelines on sex offender notification for offenders in the Level III status require that the same requirements but include public posting in the student's program building and on information bulletin boards. In certain Level III offender cases, the Campus Security Director in consultation with the Vice President for Student Services can determine if additional public notification is necessary. In these instances, a college alert may be used.

The SPSCC community may conduct their own sex offender searches at the links below:

Emergency Response and Notification

The SPSCC Emergency Response Plan includes information designed to provide guidance to the campus community. Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on the campus, SPSCC will determine and employ communication methods appropriate to the situation to notify the affected campus community. An emergency notification may include information about the type of incident, location, and instructions on possible actions to consider. Certain buildings on campus have volunteers identified as Evacuation Coordinators. These volunteers may assist building occupants in response to emergency situations and aid in evacuation. Custodial, Facilities, and Campus Security personnel make up the campus wide Emergency Response Team. During an emergency they can assist in evacuation, direct first responders, and coordinate the College's response. College departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility.

The College conducts tests of the emergency notification systems on campus each year. Additionally one drill per quarter is scheduled which may include unannounced drills. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. SPSCC Campus Security Officers receive training in Incident Command and will assist the Incident Commander during emergencies on campus. General information about the emergency response and evacuation procedures for SPSCC are publicized each year as part of the institution's Clery Act compliance efforts, and that information is available on the SPSCC Campus Security website at:

<https://spscc.edu/sites/default/files/imce/campus-life/security/Emergency-Response-Guide.pdf>

SPSCC community members are encouraged to notify Campus Security of any situation on campus that constitutes an emergency or dangerous situation which poses an immediate or ongoing threat to the health and safety of students and/or employees on campus. Campus Security has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation.

Emergency Procedures

Evacuation drills are coordinated by Campus Security during each academic school year. These drills provide education and information on the locations of nearest the emergency exits and guidance about building evacuation or sheltering in place. Evacuation Area maps are posted inside campus building and direct occupants to nearby assembly areas. Evacuation drills and materials prepare building occupants for an organized evacuation in case of a fire or other emergency. During the drill, occupants can familiarize themselves with the location of exits and the sounds of the fire alarm. The process also provides the College an opportunity to test the operation of fire alarm system components.

Students receive information about evacuation and shelter-in-place procedures during the first week of fall quarter. SPSCC will publish a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.

Information

The college website provides an opportunity to sign up for campus alerts through Omnilert:

<https://spscc.omnilert.net/subscriber.php>

On the SPSCC main Campus, Campus Security provides a courtesy transport service for community members who request assistance. This service is offered during the academic school hours. This service can be requested by calling (360) 596-5299 or extension 5299 from an on-campus telephone.

An Officer will meet the person and escort them to their vehicle or next class.

Important Campus and Community Services

Resources for Support and Assistance:

The SPSCC Counseling Center, located in the Center for Student Success (Building 22 Room 260) on the Mottman campus, provides counselors registered in the state of Washington to provide short-term personal and mental health counseling services. When students have issues or concerns that require long-term counseling, counselors assist students with initial referrals to community resources and may also consult with community agencies. College counselors are aware of the process to enable persons they are counseling to report crimes on a voluntary confidential basis. Brochures listing community resources are available in the Counseling Center.

The Counseling Center is open

M-F 8:00 a.m. – 4:30 p.m. and can be reached at (360) 596-5261 or by email at counseling@spscc.edu.

Other resources

- Campus Security: 596-5299
- Diversity and Equity Center: 596-5383, 2nd Floor Bld 22
- Vice President for Student Services: 596-5231
- Chief Human Resources Officer: 596-5360

- Crisis Clinic (24 Hours) 360-586-2800, <http://crisis-clinic.org>

Counseling, Security, Human Resources, and Student Services also maintain a list of community resources available for students, faculty, and staff. The list for those resources is also available at

<http://www.crisis-clinic.org/PDF/CommunityServicesListThurston20131220.pdf> and

<http://www.crisis-clinic.org/PDF/CommunityServicesListMason20131220.pdf>.

Prevention Programs

The Campus Security team upon request will conduct crime prevention and general security and safety awareness presentations to various community groups, including students and employees of the College. The following information is available: crime prevention and security awareness, fire safety, emergency response and evacuation procedures, and sexual assault prevention. The Security Department communicates with students and staff regularly on safety and security issues.

SPSCC faculty are asked to show basic videos on emergency preparedness and Active Shooter to all students during the first week of fall quarter. The videos provide information on steps to consider in preparation for an emergency event.

SPSCC is dedicated to providing a safe environment for people to learn and work. In furtherance of that goal, quarterly campus emergency drills help prepare students, faculty, and staff for emergency procedures.

In 2017 SPSCC conducted several exercises/events which included the following:

Date	Topic/Event
1/25/ 2017	Shelter In Place Drill (campus wide both locations)
2/06/2017	Campus Closure Inclement Weather
4/07/ 2017	Campus Closure Inclement Weather
4/11/2017	Fire Alarm Drill and evacuation
6/13/2017	Timely Alert Suspicious person
9/18/2017	Fall quarter emergency preparedness and Run, Hide, Fight videos
10/19/2017	Great American Shakeout; Drop, Cover, & Hold

Drug and Alcohol Abuse and Prevention Program

In concert with the Federal Drug-Free School and Communities Act of 1989, the College has implemented a drug and alcohol abuse and prevention program which informs students and employees of the risks and penalties associated with the possession and use of illicit drugs and alcohol at the College, availability of treatment programs, and the sanctions the College will impose against an individual found to have violated the College's standard of conduct in this regard.

South Puget Sound Community College is committed to an ongoing substance abuse prevention, education and assistance program and intends to provide a drug free, healthful, safe, and secure workplace and environment. As such, the unlawful possession, use and/or distribution of illicit drugs and alcohol by students and employees on college property or as part of a college activity is prohibited.

Applicable Legal Sanctions

Any violation of local, state, or federal law regarding the unlawful possession, use or distribution of illicit drugs or alcohol may result in referral for prosecution and in the imposition of penalties, including community service hours, fines, forfeiture of personal or real property, and/or incarceration up to life imprisonment. The College will impose sanctions consistent with local, state and federal law and regulations adopted thereunder on students and employees found to have violated the foregoing statement. Such sanctions could include but are not limited to, completion of an appropriate rehabilitation program, expulsion from the college, termination of employment, and referral to appropriate authorities for prosecution.

Available Assistance Treatment Programs

The College recognizes drug dependency and/or use of illicit drugs to be an illness and a major health concern. The College also recognizes drug and alcohol abuse as a safety and security

problem. There are a number of resources available to students seeking assistance in dealing with such problems. They include:

- The [Counseling Center](#) at SPSCC
- Local hospitals
- Thurston County Health Department and Social Services maintain a list of area resources related to drug and alcohol dependency online at <http://www.co.thurston.wa.us/health/sscd/index.html>

Employees may take advantage of these services as well as the services provided to employees through the [Washington State Employee Assistance Program](#) phone toll free: 1.877.313.4455 or their health insurance plan where applicable.

SEXUAL HARASSMENT

Acts Prohibited

All forms of sexual harassment to include sexual assault are violations of the South Puget Sound Community College's Code of Student Conduct and are violations of policy for employees of SPSCC.

Acts Defined

Sexual Harassment is defined as: unwelcome sexual advances, requests for sexual favors, other verbal or physical conduct of sexual nature, or other verbal or physical conduct of the sexual nature of employees toward students, supervisors toward supervisees, students toward students, students toward employees, or employees toward employees.

Reporting

The College Title IX coordinator has oversight for all reports of sexual harassment that occur at SPSCC. Victims or witnesses of sexual harassment can report these acts to Campus administrators, the Human Resource Office, Counselors, and Campus Security. All employees are encouraged to report instances of sexual harassment.

Process

Sexual Harassment complaints involving students will be forwarded to Human Resources. Upon conclusion of a Title IX investigation, the findings of the investigation may be forwarded to Student Success Services for possible violation of the Code of Student Conduct processing. Victims, witnesses, and evidence are subject to the rules established in SPSCC's Code of Student Conduct.

Education and Awareness

SPSCC Human Resources provides sexual harassment training and resources during the school year in compliance with requirements.

Reasonable Accommodation

Victims of sexual harassment may be eligible for assistance in changing academic and work study employment status on campus. Reasonable accommodations may be sought through the college. Additionally IT services can facilitate an "opt out" of the public directory.

DOMESTIC VIOLENCE

Acts Prohibited

Domestic Violence, Dating Violence, and Stalking are criminal acts and constitute violations of the Code of Student Conduct should they occur on campus or in conjunction with any sanctioned/organized activity off campus.

Acts Defined

The Revised Code of Washington (RCW) is the written law in Washington State. The RCW provides definitions of criminal conduct provided in the appendix section of this document.

Reporting

Victims of Domestic Violence, Dating Violence or Stalking are encouraged to seek assistance by immediately calling 911. If the domestic violence related event occurred on campus, victims are encouraged to contact Campus Security after calling 911. Campus Security will assist victims in reporting to law enforcement. Victims are also encouraged to contact domestic violence advocacy organizations to assist them in navigating any criminal proceedings, obtaining permanent court orders of protection, support, and in formulating safety strategies going forward.

Court Orders

Victims of domestic violence related offenses are encouraged to seek a No-Contact Order through the prosecutor's office. Victims may also seek a civil Order of protection. Victims can seek assistance through victim advocacy organizations by contacting Thurston County's Crisis line or Washington State Domestic Violence Hotline in obtaining court orders. Once an order has been obtained, victims should contact Campus Security and provide them with a copy of the order. Campus Security will contact the law enforcement if the offender is seen or contacted on campus.

APPENDIX

Definitions:

Domestic Violence/Dating Violence-Definitions

Domestic violence

(a) Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, between family or household members; (b) sexual assault of one family or household member by another; or (c) stalking as defined in RCW 9A.46.110 of one family or household member by another family or household member.

"Family or household members" means spouses, domestic partners, former spouses, former domestic partners, persons who have a child in common regardless of whether they have been married or have lived together at any time, adult persons related by blood or marriage, adult persons who are presently residing together or who have resided together in the past, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship, and persons who have a biological or legal parent-child relationship, including stepparents and stepchildren and grandparents and grandchildren.

"Dating relationship" means a social relationship of a romantic nature. Factors that the court may consider in making this determination include: (a) The length of time the relationship has existed; (b) the nature of the relationship; and (c) the frequency of interaction between the parties.

Stalking

(1) A person commits the crime of stalking if, without lawful authority and under circumstances not amounting to a felony attempt of another crime: (a) He or she intentionally and repeatedly harasses or repeatedly follows another person; and (b) The person being harassed or followed is placed in fear that the stalker intends to injure the person, another person, or property of the person or of another person. The feeling of fear must be one that a reasonable person in the same situation would experience under all the circumstances; and (c) The stalker either:(i) Intends to frighten, intimidate, or harass the person; or (ii) Knows or reasonably should know that the person is afraid, intimidated, or harassed even if the stalker did not intend to place the person in fear or intimidate or harass the person.

(2)(a) It is not a defense to the crime of stalking under subsection (1)(c)(i) of this section that the stalker was not given actual notice that the person did not want the stalker to contact or follow the person; and (b) It is not a defense to the crime of stalking under subsection (1)(c)(ii) of this section that the stalker did not intend to frighten, intimidate, or harass the person.

(3) It shall be a defense to the crime of stalking that the defendant is a licensed, private investigator acting within the capacity of his or her license as provided by chapter 18.165 RCW.

(4) Attempts to contact or follow the person after being given actual notice that the person does not want to be contacted or followed, constitutes prima facie evidence that the stalker intends to intimidate or harass the person. "Contact" includes, in addition to any other form of contact or communication, the sending of an electronic communication to the person.

(5)(a) Except as provided in (b) of this subsection, a person who stalks another person is guilty of a gross misdemeanor.(b) A person who stalks another is guilty of a class B felony if any of the following applies: (i) The stalker has previously been convicted in this state or any other state of any crime of harassment, as defined in RCW 9A.46.060, of the same victim or members of the victim's family or household or any person specifically named in a protective order; (ii) the stalking violates any protective order protecting the person being stalked; (iii) the stalker has previously been convicted of a gross misdemeanor or felony stalking offense under this section for stalking another person; (iv) the stalker was armed with a deadly weapon, as defined in RCW 9.94A.825, while stalking the person; (v)(A) the stalker's victim is or was a law enforcement officer; judge; juror; attorney; victim advocate; legislator; community corrections' officer; an employee, contract staff person, or volunteer of a correctional agency; court employee, court clerk, or courthouse facilitator; or an employee of the child protective, child welfare, or adult protective services division within the department of social and health services; and (B) the stalker stalked the victim to retaliate against the victim for an act the victim performed during the course of official duties or to influence the victim's performance of official duties; or (vi) the stalker's victim is a current, former, or prospective witness in an adjudicative proceeding, and the stalker stalked the victim to retaliate against the victim as a result of the victim's testimony or potential testimony.
